

# T.J.'s Garden

T.J.'s Garden, located at the main entrance to the hospital, will support Children's Hospital in its mission to care for children in central Missouri.

Along with the T.J. sculpture, several other benches, a fountain and garden planters will be featured in this area. Brick walkways will line each side of the sculpture to the front door. The walkway bricks may be purchased and inscribed, similar to the walkway near the Mizzou Alumni Association in front of Reynolds Hall.
